TONON is manufacturing in **Italy**, the collections are for **residential and commercial** destinations, selling in **68** countries of the world, the most important point is the **customer**

Tonon 100% made in Italy

Since 1926 Tonon is a well-known international brand in the world of seating, reliable and synonymous with design and quality MADE IN ITALY. Characterizing features that come from the past: their origins date back to the twenties, include years of careful and creative manufacturing. Even after the industrialization of the fifties, the pleasure of thinking and making never ended. Tonon today bases itself on research and development, on new materials and technologies, with a craftsman's heart and an industrial mind.

Tonon & design

Behind every product stays a face. Important international architects are developing together with us proposals for the domestic and commercial markets. Professional people with different cultural backgrounds create our seating collections with great aesthetic and functional sensitivity and this in harmony with the declared Tonon philosophy: to present products for international markets.

Tonon & customized products

In parallel to the organization of the standard production, in Tonon we have a team which responds to the continuous and increasing demand of customized products, especially in the HORECA business (hotels, restaurants, cafeterias). Tonon is able to collaborate efficiently with the customers and with the design studios, creating new product versions.

Tonon & customers

Tonon customers are all over the world. Our sales office and our export managers are doing the best to assist our dealers.

Companies of the Tonon group

In 2010 Tonon has taken over the brand of Prototipo. The products of Prototipo are more transitional with a glamour touch and as consequence complementary to the Tonon collection. In 2013 this Prototipo collection entered inside the Tonon catalogue.

In 2011 the Tonon group added as satellite the company Casa Soft. This company allows Tonon to get more and more involved in the soft seating. Specially for customized orders in the contract business, Tonon is now competitive also with its sofa products.
